RAIL PEACE TERMS ALREADY AGREED ON, OFFICIAL DECLARES

THEIR RATIFICATION IS ASSURED THROUGH HARDING'S EFFORTS

Washington Officials Refuse, How-
ever, to Confirm Announce-
ment From Chicago

Await Tomorrow

Rail Executives and Employees'
Unions Ready to Consider
President's Proposal

(By the Associated Press.)

Chicago, July 30.—Peace terms already have been agreed to in the country-wide railway strike and formal ratification has been assured through President's Harding's efforts, it was asserted tonight by a man in close official touch with the situation.

All that now remains before the strike, which has cost the workers upwards of \$40,000,000 in wages, passes into history, it was asserted, was the formal endorsement of the terms of settlement by the railway executives meeting in New York Tuesday and the strike leaders will convene in Chicago at the same hour.

Washington, July 30.—Great interest was indicated in official circles tonight in reports from Chicago that terms of the settlement of the railroad strike "already have been agreed to," and that formal ratification of President Harding's plan at the meeting of the railway executives in New York and labor leaders in Chicago was assured.

Confirmation of the report could not be obtained from government, railway or labor circles, most government officials who had remained in the capital over the week-end contenting themselves with expressions of gratification that an end was in sight to the controversy which had threatened to throttle the country's commerce and blanket the rising tide of prosperity.

Practically without exception, leaders of the railway unions directly interested in the strike had left Washington for Chicago in order to be on hand when the labor group convened there Tuesday, and the American Federation of Labor was said to be without advice as to the latest developments.

Representatives of railway managements also professed to be without information which would indicate that the executives had agreed to accept the President's compromise proposal at their conference which will be held in New York.

New York, July 30.—Samuel Gompers, president of the American Federation of Labor, declared today that he viewed with a great deal of pleasure news that the mine and rail workers' strikes are nearing "what would seem to be a mutually satisfactory settlement."

JEWELL REFUSES COMMENT ON SENIORITY QUESTION

Chicago, July 30.—With leaders of the striking railway shopmen hurrying to Chicago from all sections of the country for Tuesday's conference on President Harding's peace plan, union heads tonight expressed strong hopes that the coming week would see the end of the walk-out which began July 1.

B. M. Jewell, head of the six striking shop crafts unions, refused to comment on statements made by various railway executives that the question of the restoration of seniority rights to the shopmen might prevent a settlement. Other strike leaders, however, emphatically declared that when the men went back to work they would retain their former status.

From the fact that the union leaders have maintained that the seniority question had been dragged into the dispute by the carriers purely as an argument to delay negotiations on the original grievances—wages, working rules and outside contracting by the carriers. They have maintained that no settlement is possible which does not recognize and restore to the strikers their former seniority privileges and senior rights.

It is a spokesman of the eastern railway executives, who said that the union leaders' refusal to accept the Harding plan was a "deliberate attempt to delay the settlement of the strike."

denouncing as "untrue" reports that the "strike on the Erie railroad will be settled by some governmental authority."

"There is no strike-settling power vested in any branch of the government," the telegram said. "The Erie railroad will settle with its employees when they are ready, without any outside interference, and that is the only way."

Wharton Issues Warning

Railroad executives and striking shopmen must either accept the proposal to end the strike suggested by President Harding or face full responsibility for continuance of the walk-out. A. O. Wharton, labor member of the United States Railroad Labor board, declared tonight. Mr. Wharton, formerly head of the railway employees' department of the American Federation of Labor, was one of the dissenting minority in the recent wage-out decision handed down by the Labor board.

"If either the railroad executives meeting in New York Tuesday or the shop crafts policy committee meeting in Chicago should reject Mr. Harding's peace proposal, the group that rejects it will face full responsibility for continuance of the rail strike and that may result therefrom," Mr. Wharton said. "While I have not seen the President's suggestions, I have enough confidence in the President of the United States—and I believe the public has—to feel that whatever plan he suggests will be just and fair."

RAILROADS NEARING CRISIS, STRIKE LEADER DECLARES

New York, July 30.—Officials of eastern railroads who will meet here tomorrow to consider the railroad strike were warned in a statement issued by John Dowd, chairman of the eastern strike committee, that "if they continue to block a strike settlement, we can force a compromise on them in an open fight in three weeks."

"Besides the serious situation with regard to the transportation of coal, emphasized by federal action, we are

also on the verge of a general transportation crisis due to shortage of locomotives and freight cars," Dowd asserted.

"At the beginning of the strike, there were 70,000 locomotives in the country, 24 per cent. of which were unfit for service, leaving 54,000 locomotives in use on July 1. The federal locomotive inspectors have been ordering these locomotives out of service at the rate of 250 a day or 1,500 a week since the beginning of the strike. "Since all 70,000 of the locomotives would normally pass through shop for reconditioning every 14 months, this withdrawal another 1,500 from the service each week. At the present rate, half the serviceable locomotives in the country would be out of the service after nine weeks of strike."

On the eve of the meeting of the eastern executives here, Dowd claimed that but for the dominance of the few leaders of prominent roads "backed by the Wall street steel trust interests," a settlement of the strike to include provisions for the return of seniority rights to strikers would be immediately forthcoming.

He predicted, however, that any settlement would be blocked by these "interests." The immediate fate of the nation, he declared, hung upon the action taken at tomorrow's session of railroad chiefs and at the formal meeting of representatives of 148 roads which will be held here Tuesday.

Roads in the eastern section today continued to operate on practically the same schedule as have prevailed since the full effect of the strike was felt. Officials asserted that all lines were operating "at normal."

Shots Exchanged at Denison

Denison, Texas, July 30.—Three men on the wagon bridge spanning the west end of Ray yards, the big freight terminal on the outskirts of Denison, tonight fired upon Texas National Guard troops protecting that section of the railroad property. An exchange of about 50 shots between the men and the soldiers followed. No casualties were reported. The men used pistols and the guardsmen regulation army rifles.

15 ATLANTIC CITY CAFES ARE RAIDED

No Arrests Made in Fashionable Resorts; \$10,000 Worth of Liquor Seized

Atlantic City, July 30.—Fifteen cafes along the boardwalk, and other sections of the city, were raided this morning by a flying squadron of prohibition enforcement agents under the direction of E. B. Benson, assistant to John D. Appleby, chief of the New York and New Jersey division of the federal enforcement department.

Many of the places were thronged with fashionably-dressed men and women and the raids created considerable alarm among the patrons and proprietors alike. No arrests were made but about \$10,000 worth of liquor was said to have been confiscated.

Among the places visited were the Bessie Arts, the Music Box, Martin's, LeMarre, the Black Stone, and the Bal Tabarin, all located along the beach front or adjacent to it.

Henson declared tonight that those convicted would be proceeded against under a section of the Volstead law which defines convicted places as common nuisances and closes them for a year for all purposes.

SWINGING LIKE PENDULUM, "ROOKIE" COP SAVES TWO

New York, July 30.—Swinging like a pendulum, with two men holding him suspended head downward, William Hennes, a rookie policeman, this morning rescued a woman and her 14-year-old son after they were trapped by flames on the fourth floor of the building in which they lived.

Hennes was swung by the men from across the court and ordered the woman to grasp him around the neck as he came within her reach. She was thus pulled to safety, when the policeman and his burden swung back to the fire escape of the opposite building. The boy was rescued the same way.

Another tenant, becoming frightened by the smoke and flames, jumped to the yard, a distance of 50 feet, and was taken to the hospital in a serious condition. The three upper floors of the building were destroyed.

AMERICA'S SACRIFICE AT THE ARGONNE IS RECALLED

Paris, July 30.—America's share in the Argonne fighting was recalled today when a memorial to 150,000 men killed in the forest was unveiled at Fosse Chateau near the ruins of Vauquois. Premier Poincaré delivered the unveiling address.

The monument bears the names of all the French, American and Italian corps which participated in the fighting. The names of the battles also appear.

MAJOR BLAKE, IN INDIA, TO "NO OFF" FOR JAPAN

London, July 30.—Major W. G. Blake, who is in India, is expected to return to Japan.

PRICE THREE CENTS

GREECE READY FOR ACTION

Announces Intention of Occupying
Constantinople as Means of
Bringing About Peace

NOTE TO ENTENTE

Allies Protecting, Instead of Co-
ercing Turkey, Greek Gov-
ernment Declares

(By the Associated Press.)

Athens, July 30.—A note sent by the Greek government to the Allies respecting the intentions of Greece in Asia Minor emphasizes the view that the occupation of Constantinople is the only means of bringing about peace and says Greece has made arrangements with that purpose in view.

The note begs the Allies to issue the necessary orders to the army of Brigadier General Sir Charles Harrington, commander of the Allied forces in Constantinople, and says it is confident difficulties will not be imposed in the way of Greece.

The note adds that by the neutralization of Constantinople the Allies are protecting, instead of coercing, Turkey and thus depriving Greece of means for imposing peace.

The Turkish atrocities, the note continues, make it vital for Greece to adopt more energetic measures against the Turks but that the Greek government is willing to discuss the matter with the Allies.

General Harrington's declaration that he would use force any more toward Constantinople has caused deep discouragement and disappointment in Greece as the newspapers have been leading the people to believe Greek occupation of Constantinople would not be restricted by the Allies.

An announcement that the Greek government is prepared to extend the war against the Turks beyond the already extensive borders caused intense excitement on the Bourse and further aggravated Greece's financial and commercial crisis. The drachma fell today to nearly 50 to the dollar.

The Greek army of 300,000 men in Asia Minor, Macedonia and Thrace is costing \$7,000,000 monthly. It is realized that this expenditure cannot be kept up indefinitely in the present economic state of the treasury. The remittances of \$50,000,000 from Greeks in America during the last year have been of immense assistance to the government.

London, July 30.—A Reuters dispatch from Athens says autonomy for Smyrna and adjacent territory under Greek occupation is to be proclaimed immediately. Under the new regime, the people will have extensive self government.

The dispatch adds that it is rumored Prince Nicholas will be appointed governor of Smyrna and that elections will be held in the new state. It is followed by applications for recognition by the powers.

According to the dispatch, the understanding is that the Greek government's decision outlined in Saturday's note to the Allies will not be put into execution for the present.

GIRL CHUMS STOWAWAYS ON MAJESTIC, NOW FAR AT SEA

New York, July 30.—When the White Star liner Majestic—world's largest vessel—left for Southampton yesterday noon she carried two non-paying passengers in Anna Muller and Catherine Fleming, 12-year-old girls, whose homes are in West 17th street, near the White Star pier. Early this morning a radio telling of their discovery in one of the Majestic's lifeboats was received at the steamship company's offices and the police bureau of missing persons notified their families.

The vessel was so far at sea when the girls made their presence known that they will be carried to England and back unless by remote chance they can be transferred to a west-bound boat in mid-ocean.

ACCIDENT OR ASSAULT PUTS ORGANIZER IN HOSPITAL

Middletown, July 30.—A man believed to be James G. Sause of Pittsburgh, an organizer of the boiler-makers' international union, is in a dangerous condition at the hospital here from injuries suffered in an accident or an assault.

The man was found last night unconscious alongside the Ontario Western railroad tracks about a mile and a half from here. At the hospital it was said he was suffering from a fractured skull and a crushed foot.

Ontario & Western officials are investigating to determine how he came by the injuries. Sheriff J. B. Tweed of Orange county will begin an inquiry tomorrow.

DOUBT IF TARIFF WILL BE COMPLETED BY FALL

Washington, July 30.—Whether the administration tariff bill will be enacted before the November elections again has become the subject of private discussion at the capital. There is a more or less general belief now in the senate that the measure cannot be brought to a final vote in that body before September 15 and there are those who believe the ironing out of differences between the senate and house conference will be such a slow and tedious process that it cannot be completed before congress goes home for the fall campaign.

Freehold, N. J., July 30.—Three prisoners charged with murder, escaped from the Monmouth county jail here today. The men took advantage, it is said, of alterations which are being made at the jail. Their absence was not discovered until some time after the break.

In the general alarm which has been sent throughout the state, the men are described as James Avery, held in connection with the slaying of Harry D. Jones, John E. Little, Harry Stude, Nankin, charged with the murder of John Prangan, and others.

Five Killed As Speeding Interurban Car Hits Auto

Detroit, July 30.—Five persons were killed and one injured when an automobile attempting to avoid collision with another machine was crowded in front of a speeding Detroit & Pontiac interurban car just north of here today. The dead are John W. Murphy, 45 years old; his sons, John W. Jr., 6, and James F., 4; Mrs. Josephine Gay, 50, all of Detroit, and Miss Marie Flanagan, 17, Owosso.

Near the village of Pontiac, the motor car, was badly off by flying class, the vestibule of the interurban being crushed in by the force of the collision.

The automobile caught fire and Murphy's body was virtually incinerated.

The victims died almost instantly. Witnesses laid the blame for the accident on the unintended driver of the other machine, who disappeared after the collision. They told the authorities that Murphy, who was driving his car, had started to pass a truck going the same way when the other driver, coming from the opposite direction, veered around from the front of the truck and attempted to pass on the same side as Murphy's car.

The maneuver caught the automobile with the five occupants in a "pocket" and in attempting to avoid the oncoming automobile, Murphy sent his car into the path of the interurban.

REFUNDING AND GERMAN INDEMNITY

Officials Find There Is Important
Connection Between Two and
Await Developments

Washington, July 30.—Inauguration of negotiations here looking to refunding of sums due the United States by Entente nations has developed that an important connection exists between such refunding and the ability of Germany to meet her indemnity obligations.

It was found by those engaged in the negotiations that it would be practically impossible to carry them beyond a certain point without reference to the readjustment of Germany's war obligations, and as the British and French premiers are to meet within a fortnight to consider among other important matters the advisability of reducing the total amount of the German indemnity, it is regarded as possible that M. Jean V. Parmentier, head of the French mission, and the American commissioners dealing with French debt will feel it advisable to await the outcome of their own conference. Such delay, it was said, would be on the theory that the measure of French ability to meet her obligations to America must depend to a large extent upon the amount of money France can secure from Germany.

MANIAC INTERRUPTS MASS AT CATHEDRAL

Slashes Chest and Then Moves
Toward Priest, But Sailors
Take Him in Hand

New York, July 30.—Hundreds looked up from prayer during low mass in St. Patrick's cathedral today to see standing at the foot of the altar a man, his clothing open over his chest and a knife held as a swordman saluted. They saw the lips move on as police removed the wounded man to an ambulance.

Brought to Bellevue hospital for observation for religious mania, he gave his name as Frank Johannes Gabrielle and said that he had attended the cathedral regularly for a year.

Two slashes, formed like a cross, appeared on his chest.

He turned and moved toward Father Patrick Daly, who only glanced aside as the congregation gasped. Sailors who had been kneeling near the altar vaulted the rail and caught the fanatic, still mumbling unintelligibly. The chant of the priest went on as police removed the wounded man to an ambulance.

Brought to Bellevue hospital for observation for religious mania, he gave his name as Frank Johannes Gabrielle and said that he had attended the cathedral regularly for a year.

THOUSANDS OF KNIGHTS GATHER FOR CONVENTION

Atlantic City, July 30.—Thousands of members of the Knights of Columbus are here from all sections of the country and Canada for the 40th annual supreme convention of that organization which opens Tuesday.

Exhibits representing expenditures of approximately \$3,000,000 by the Knights for reconstruction work among the veterans of the World War were placed on view today.

At the pre-convention meeting of the supreme board of directors, applications from several foreign countries were received for extension of the Knights to those countries as a fraternal body.

HAND GRENADES FOUND UNDER STEPS OF WELLESLEY 'DORM'

Wellesley, Mass., July 30.—Two hand grenades of the type used in the war, found under the steps of Wyone hall, a dormitory of Wellesley college, have been found by local state police much perplexity since last Thursday, it became known today.

The grenades were examined by State Chemist V. J. Baker, who found that one was a "dud" and the other a live one in good condition. The grenades were in a flower pot which was heavily covered with coltsfoot and gave the appearance of having been concealed a long time.

NO OBSCENITY VERDICT YET

Los Angeles, July 30.—The jury in the second trial of Mrs. Madalynne Obenchain for the murder of her sweetheart, J. Belmont Kennedy, a broker, had been out approximately 48 hours this morning and there was still no indication of a verdict.

NORTHCLIFFE VERY ILL

London, July 30.—The physicians in attendance upon Lord Northcliffe say that the condition of his patient is still causing them anxiety. The eucodorrhea, they assert, is showing no noticeable signs of improvement.

PLANE CRASHES TO EARTH, TWO KILLED

Bodies of Mineola Reserve Officer
and Civilian Burned Beyond
Recognition

Middletown, July 30.—Lieutenant Tracy Lyons, O. R. C. aviation section, U. S. A., and Augustus Altmer, Jr., of Port Jervis, were burned to death this afternoon when an airplane in which they were riding crashed to earth. The crash occurred near the plane to take the fatal nose dive.

Explosion of the gasoline tank, coincident with the crash, sheathed both men and plane in flames. The bodies were burned so badly that the only method of identification was from the positions they occupied.

The plane fell from a height of approximately 50 feet and but an eighth of a mile from where it started. The plane, the C-4, from Mitchell field, Mineola, had carried Lieutenant Lyons and Captain Walter Dodd of Chester, Orange county, to their homes on Saturday. Lieutenant Lyons was starting for Chester with Altmer as a passenger to pick up Captain Dodd when the accident occurred. They planned to return to Mineola tonight.

A short time after the bodies had been removed from the wreckage, it was surrounded by scores of persons, many of whom were breaking into it as "souvenirs" of the tragedy.

Lieutenant Lyons was a son of Mr. and Mrs. James Lyons of Port Jervis, while Altmer was the son of Augustus Altmer, postmaster of Port Jervis.

Mineola, July 30.—Lieutenant Tracy Lyons, Officers Reserve corps, who with Augustus Altmer, Jr., was burned to death at Port Jervis today when an airplane in which they were riding crashed to earth, would have completed his training next Tuesday, according to officials at Mitchell field.

Captain A. W. Jones and Lieutenant Hutchinson immediately took off from Mitchell field in an airplane to the scene of the accident when the death of the two men was reported. They will investigate the accident, which is attributed to a broken propeller.

Lyons, Officers Reserve corps, who with Augustus Altmer, Jr., was burned to death at Port Jervis today when an airplane in which they were riding crashed to earth, would have completed his training next Tuesday, according to officials at Mitchell field.

KLAN TAKES HAND IN OKLAHOMA PRIMARY

Copies of Model Tickets Distributed
at Churches in Three-
Cornered Race for
Governor

Oklahoma City, July 30.—Sweeping into the front rank as an issue in the Oklahoma primary August 1, the Ku Klux Klan held the spotlight today as the last guns were being fired in the three-cornered race for the Democratic nomination for governor between J. C. Walton, mayor of Oklahoma City; R. H. Wilson, state superintendent of public instruction, and Thomas W. Owens, former justice of the state supreme court.

Copies of a model ticket, published in papers of the state, purporting to have been drawn by the Klan, were distributed today at the doors of every Protestant church in Oklahoma City, at the conclusion of morning services.

Wilson's name headed this list and political observers pointed out that he may be expected to receive virtually the solid backing of the Ku Klux Klan.

POPE PIUS HAS PRIVATE INTERVIEW WITH MR. COX

Rome, July 30.—Pope Pius today received in audience James M. Cox, former governor of Ohio and Democratic candidate for president of the United States in the last campaign. The visit was of such a duration that the Vatican officials called it "a private audience."

Mr. Cox was accompanied by his son, James M. Jr., Judge Timothy Ainsbury, of Washington, and Ernest Rice of Dayton.

The Americans were received at noon. All of them were evening dress and white ties, according to Vatican etiquette. The elaborate papal ceremony attended the reception.

92-YEAR-OLD MAN DROWNS TRYING TO CROSS BROOK

Pembroke Center, Mass., July 30.—Smith Brown, 92 years old, one of the oldest residents of this town, was drowned today while attempting to cross a brook by means of a foot-bridge. When he was directly over the center of the brook a decayed board gave way, precipitating him into the water. In falling his foot caught in the bridge, leaving his head and body submerged in three feet of water.

BOMB WRECKS HOME OF STRIKER WHO WENT BACK

Pawtucket, R. I., July 30.—A bomb explosion occurring late last night, wrecked the front of the residence of George F. Miller of Cumberland, a suburb of this city, cut him and his wife, and Mr. and Mrs. Lewis Lee, who were in the house, with flying glass, and caused terror in the neighborhood.

Miller is an employee of the Crown Manufacturing company, and until a month ago was a striker, but at that time he returned to work after having been idle 20 weeks.

FEDERAL FUEL CONTROL WILL START TODAY

Government Assumes Duties of
Gigantic Middleman, Handling
Coal to Best Advantage

N. Y. GOVERNOR ACTS

Miller Appoints Commission to
Have Full Direction of
Fuel in State

(By the Associated Press.)

Washington, July 30.—The government, with the cooperation of the states, will assume tomorrow the duties of a gigantic middleman, passing on the coal from the producing mines to the industries and localities which, in the eyes of the government, need it most.

The organization of the government's emergency coal distribution agency was pronounced tonight to be nearly complete, and tomorrow Henry B. Spenser, the federal fuel distributor, his committee and advisory sub-committees as designated by order of President Harding, will begin active functioning.

Just how much coal the government can count on remains a matter of speculation. The first test of the response to President Harding's invitation to the mine owners to open their properties was revealed today in the weekly report by the Geological Survey, which showed an estimated production of bituminous coal for the week ending yesterday of 3,900,000 tons as compared with 3,700,000 tons the week previous.

One portion of the survey's report which commanded the attention particularly of members of congress from the northwest, who have received reports of alarm in that section over the coal situation, were the figures on coal dumped into vessels at Lake Erie ports, mostly for shipments to the northwest.

Covered by priority orders from the Interstate Commerce Commission, all coal now being produced is to be bought under the fair price levels to be maintained by the federal fuel distributor, freight cars being withheld from dealers who sell at advanced prices.

Railroads and interstate public utilities are to be the concern of the federal government as far as direct contact with the consumer goes, while supervision of the distribution between states is designed to put all localities on an equal footing as regards bulk supply, after which control of profiteering and allotment of fuel is to be a state matter.

Governor Miller Names Commission

Albany, July 30.—Governor Miller took steps yesterday to insure an adequate supply of coal for necessary industries, institutions and householders in the event the shortage arising from the railroad and mine strikes becomes acute.

A commission headed by Leroy P. Harkness, Transit Commissioner, and including William A. Prendergast, chairman of the Public Service Commission; Eugene H. Outerbridge, chairman of the Port of New York Authority; DeLois W. Cook, State Fuel Commissioner during the war, and Attorney General Charles D. Newton, was appointed by the Governor.

The commission will have full direction of the distribution of fuel in the state. This step, it was said, becomes necessary as a result of the shrinking coal supply. Powers virtually the same as those conferred on the wartime fuel commission will be given the group during the strike emergency.

The needs of the householders will be safeguarded by the commission, according to the announcement. The danger of a winter without fuel, predicted by many wholesale dealers, will be averted as far as possible by the commission.

The appointment is in line with a similar action taken by Secretary Hoover and recommended to the governors of the Eastern states.

Hazleton, Pa., July 30.—Thousands of empty coal cars standing on the sidings of the railroads in the anthracite field ready to be moved for haulage of fuel to market as soon as the collieries resume, railroad officials said tonight. The cars have been out of use since the suspension began April 1 and were put into good condition before the shopmen went on strike.

BOMB WRECKS HOME OF STRIKER WHO WENT BACK

Pawtucket, R. I., July 30.—A bomb explosion occurring late last night, wrecked the front of the residence of George F. Miller of Cumberland, a suburb of this city, cut him and his wife, and Mr. and Mrs. Lewis Lee, who were in the house, with flying glass, and caused terror in the neighborhood.

Miller is an employee of the Crown Manufacturing company, and until a month ago was a striker, but at that time he returned to work after having been idle 20 weeks.

BOSTON & ALBANY REOPENED

Boston, July 30.—The Boston & Albany railroad announced tonight that its main line had been reopened at the point between East Chatham and Chatham, where the tracks were carried away by a cloudburst last Friday afternoon. A trestle bridge 100 feet long was required to restore service at that point.

E. J. STAGES SWATFEST

Administer Crushing Defeat to Bridwell Clan at Johnson Field Sunday Afternoon—"Honey" Barnes Joins Locals Today.

The E-J Legion players clouted the offerings of both Thomas and Scamion all over the lot at Johnson Field score of 11 to 1, the one run made by Hatch being aided by the only error made by the Johnson City fielders. Prangley, who followed, succeeded better in holding the shoemakers, though they began to take kindly to his offerings in the eighth, when they made three singles.

"Bill" Fisher himself was the most greedy of the E-J bunch, he taking four hits out of as many times at the plate and making a three bagger and a double for good. Scamion and Walsh each took three each. The slugging of the E-J's with Fisher the feature of the game, both Thomas and Scamion seeming to have good control and plenty of stuff—but the Johnson City boys had hits up every sleeve. Irving at center did some really fine fielding for the E-J bunch. Hatch had five put outs for Oneonta, and while they were fine catches were not quite as sensational as those of Irving.

Wargo was effective against the Giants. Though eight hits being charged against him he well high in the column with one base. Bridwell is out of the game due to a sprained ankle sustained on Saturday and will doubtless be out for several days. Sinstack covered second sack yesterday. "Honey" Barnes, who caught for Colgate during the college season and is reputed good, has been signed by Bridwell and returned with the team last night. He will be in the line up today. The team's defeat yesterday made the sixth straight loss and Manager Bridwell will get the men down for practice each morning commencing today.

The tabulated figures of yesterday's grueling defeat follows:

SOME UNADILLA FIGURES

Byrnes Leading Team in Hitting—Five Three Hundred Clouters—Mahady Leading Twirler.

The Unadilla batting figures, including July 27, show the team to have five men hitting three hundred or better, with Swat Byrnes leading with a high mark of 371 for the season. The nearest competitor is Hunter at 330. Swat has a clouting percentage of .557 for the past 123 games. Mahady is at the top of the twirling list, having a percentage of .714. Skelley follows with .666. The figures of the team follow:
Players G AB R H Pct.
Byrnes 32 113 23 42 .371
Hunter 32 115 23 38 .330
Keating 32 123 16 40 .313

WINNING STREAK BROKEN

Susquehanna Division Team, After Winning Eight Straight Games, Loses to Generals at Watervliet on Saturday, 8 to 5.

After winning eight straight games the Susquehanna Division baseball team broke the game away in the third inning of Saturday afternoon's contest at the new D. & H. ball grounds at Watervliet by the tally of eight to five in favor of the D. & H. Generals of Albany. The game was featured with many spectacular catches by Gardner, Driscoll, Tiffany and Marone. Roback, the pitching ace of the Generals, pitched good ball up until the ninth inning, allowing only one run and two hits up until that time. The Generals gathered eight runs off five hits and four errors during the first four innings from the delivery of Davis. The remaining four innings the Albany boys went scoreless and hitless, Davis disposing of them in one, two, three order. The Susquehanna Division boys drew first blood in the first inning. The Generals came right back in the first inning with two. Both sides went scoreless in the second inning. In the third the Generals put the game on ice by scoring five runs, after two were out. With two men on bases, first and second, two out, Dower hit a line drive to Driscoll which looked like an easy out, but Joele being like all human ball players made an error on the play. Swat hit a grounder to Driscoll who fielded it perfectly and threw to Snyder at second for a force out, but the second baseman fumbled the ball. The following hitter hit a long fly to left field for an easy out, but

UNADILLA TAKES ANOTHER

Sidney, Strengthened by Addition of Sullivan and Simon, Still Fails to Check the Unadilla Sluggers.

Unadilla, July 30.—Unadilla took another game from their old-time rivals, the Sidney aggregation, here yesterday, by the score of 8-1. Both Skelly, on the mound for the locals, and Hickey, who twirled for Sidney, were quite effective in pinches, errors being responsible for several scores. The visitors have strengthened their team very materially with Sullivan at pitcher and Simon at second, but though reinforced thus, they were unable to stem the attack of Sullivan and the locals added another victory, though not without a hard-fought struggle that was in doubt until the last Sidney man had been retired.

Keating, Sullivan and Simon started at the bat and Gilhooley made a spectacular catch in short right field. Scamion also made a fine catch for the out in the ninth with a man on base that blasted Sidney's hopes. Unadilla has released outfielder Spran.

Samford's Holy Cross team is booked for a game here on Tuesday and some battle is anticipated. The score of Saturday follows:

STAMFORD'S DOUBLE VICTORY

Thirteen Hits, Including Three Home Runs, in One Inning, Assist in 16 to 6 Defeat of Utica K. of C.'s on Saturday—Burke Pitches Invaluable Ball and Stamford Wins Sunday, 8 to 0—No Knight Reaches Second.

Thirteen hits, including three home runs, netted Stamford 11 runs in the seventh inning of Saturday's game at Utica with the Knights of Columbus team and enabled the Mountaineers to win, 16 to 6. The Knights led, 5 to 1, until the seventh inning when Stamford fell upon Irwin and slammed his offerings to every part of the field. Gill, Martin and Doherty hit homers, the latter's coming with the bases loaded.

The score by innings:
R
Stamford 1 0 0 0 0 11 2 0—16
Utica K. C. 1 0 0 0 0 0 0 1—6
Batteries—McDonald and Martin; Irwin and Sheppardson.

Sunday's Game.

Not a Knight reached second base in Sunday's game, Burke allowing three hits, and Stamford had no difficulty in whitewashing their opponents, 8 to 0. The Mountain clan collected 12 hits, all of them singles, from the delivery of Huntzinger, a University of Pennsylvania twirler who had a record in intercollegiate ball of 13 consecutive wins. Stamford played errorless play while the Knights' mistakes played many of them at their detriment, helped materially in their defeat.

GOLFERS WIN AT NORWICH.

Country Club Players Win from Canasawacta Club of That City.

Saturday a team of golfers from the Oneonta Country club visited Norwich for a matched game with the team representing the Canasawacta club of that city and were victorious by the score of 18½ to 11½. The visitors were charmingly entertained at luncheon at the Norwich club and later the matches were played.

The report of points won follows with the Norwich player named first and Oneonta opponent second:
Dr. Dunn 1, Mr. Rummery 2.
Dr. Gibson 1, E. L. Ward 2.
Charles Lathan 3, Bert Smith 0.
Mr. Pfanz 0, Dr. Lang 3.
L. Johnson 2, J. Barton Lane 1.
M. Eaton 0, H. R. Reid 3.
Dr. Ulrich 1½, O. C. Becker 1½.
Mr. Benefield 2½, D. C. F. Baylis ½.
A. H. Griswold 1½, W. D. Bush 1½.
Mr. Snyder 0, P. D. Graham 3.
Total—Norwich 11½, Oneonta 18½.

Several members of the Oneonta team remained and were dinner guests at the club. The Norwich players are expected in Oneonta on August 26th to play a return match.

E. J. LEGIONS WIN HERE

Shoemakers Earn Four Runs, Winning Contest 4 to 3—Four Triple Hits—Neat Double by Oneonta—Stamford Here Today.

The same old bunch of shoemakers motored up the Susquehanna Saturday and took the game away from the locals by a 4 to 3 tally. They are the same hard fighting aggregation, old, but there was noticed a change in them. The change was not with their playing—always good—but in the fact that some professional conjurer had worked an hypnotic influence over them and quieted their crabbings, for one game at least, there being hardly a murmur throughout the game. True, the irrepressible "Wild Bill" Fisher did fly off the handle on one occasion and threw his meek to the ground to show his idea of the decision which said a certain pitch was a ball instead of a strike which he had hoped Stone would slip over.

The game was a pretty one to watch, even though there were no really wonderful plays to thrill the spectators. Farrell started a neat double play in the ninth, with two on which cut off any chance of the visitors increasing their lead of one run to any greater amount. Sinstack finished the first half of the first by a good catch of a foul fly. The ball soared high into the air coming down in front of the gate near the visitors' bench, with "Sissy" under it, the impact threw him away, but he clung to the sphere as tenaciously as a summer cold does to a human.

The work of the two pitchers was about even, each allowing six hits, but three of the locals were bunts, Stone being in shape on Saturday so that it was about the only way to get anything which looked like a hit. In addition to pitching a good game, Scamion got a couple of hits, one a triple, the only man on the Oneonta team to get more than one hit.

The first scoring was done in the third. Sullivan, with one down, got a single across second into center and stole second. Walsh came to the fore with a resounding crack of the bat against the ball, scoring Sullivan and netting himself a triple, his single being good for three bags when it hit the backstop. He scored shortly on Leo Hanley's ground out.

The Kilps got one of these back in the fourth. Hatch got a life when Fisher let his third strike go through his hands, amid characteristic remarks from the crowd when the error was made. Harman forced him at second. Alex. was out on a grounder, Harman going to second and a third when Farrell hit a slow one toward third. Bridwell hit to Leo Hanley, who fumbled it, letting Harman in with the first run. Farrell and Bridwell died on the paths when Sinstack failed to connect.

Stone, first up in the fifth, was granted transportation to first and was sacrificed to second, scoring when Walsh got his second strike. Walsh came across the rubber on Leo Hanley's sacrifice fly to Purcell.

That made the lead three runs and it continued thus until the final half of the stretch round. Bridwell was passed and went to second on an infield out, moving on to third on a second infield out, both retirements being via Murphy, unassisted. Reid caught the three-base fever, which act put Oneonta's second score away. Purcell fouled most everyone by bunting the first ball pitched. The ball went to third with great speed, but the feet footed Flash, aided by the surprise, beat the throw, without danger of being called out, Reid scoring what proved to be Oneonta's last run. Hatch grounded, third time flat.

Leo Hanley's men nearly put some more across in the last trip to the plate. Murphy had fanned on three pitches, but Sheehan got a single to left on the first ball pitched. Loftus Hanley also got a safe clout, making men on second and third, the ball having gotten temporarily beyond control of Reid. Stone hit the first one Scamion served him to Farrell. The fielders got the ball and Reid, long enough to see that the runner wasn't trying for the plate and then got the hitter at first. Sheehan ran into a sure case of suicide when he endeavored to transfer the out into a run after all, being out at the plate by a good margin.

Today the fast Mountaineers will be on the boards, the teams having transposed the dates so that the first game will be here and that of Friday will be at Stamford.

UNADILLA'S CATHOLIC CHURCH

nd Stone House on Lower Main Street known as the Strait Property Being Remodeled and Will be Known as St. Ambrose Church.

Unadilla, July 30.—Unadilla will soon boast among its numerous church edifices one of the Catholic denomination, the work of remodeling the former Strait stone residence on Lower Main street having progressed favorably under the direction of Contractor John Carmichael and members of the society are looking forward to its opening at no distant day.

The interior has been entirely removed and the cellar has been finished. There will be a spacious stone entrance with tower above which will give it an attractive appearance, it being in harmony with the size and appearance of the structure.

Roman architecture will be followed in the window settings, entrance and tower. The steel ceiling and architecture will be of the same style. When the work is completed the structure will be known as the St. Ambrose Catholic church.

VanCott-Ives Reunion

The VanCott-Ives family reunion was held at the Community house grounds on Thursday and was attended by about 75 members, all of whom enjoyed the day thoroughly. Refreshments were served and various games participated in until it came time for the ball game, which all enjoyed.

The following officers were elected for the coming year: President, William VanCott of New Milford, Pa.; vice-president, Fred J. VanCott of Unadilla; secretary, Mrs. F. J. Van-

NOTICE

"Notice is hereby given that Fred Bliss has been elected and made application to the Common Council for consent to operate a motor vehicle or bus line in and along the streets of this city commencing at the intersection of Maple and State streets, near said Normal school; hence along State street to Maple street; hence along Maple street to Center street; hence along Center street to Church street; hence along Church street to Chestnut street; hence along Chestnut street to Main street; hence along Main street to Broad street; hence along Broad street to the Delaware & Hudson Co. station, and return by the same route.

Take further notice, that the Common Council will on the 15th day of August, 1922, at 8 p. m., hold a public hearing on said petition for application in the Common Council chambers, Municipal building, at which time any and all persons may be heard in relation thereto.

Sheldon H. Close, City Clerk, City of Oneonta, New York.

Cott of Unadilla; treasurer, William H. Ives of Sidney.

The occasion proved so enjoyable that it was decided to hold the reunion the following year at the same place. Those in attendance included about a score from Susquehanna, and New Milford, Pa.

The Community Library.

The Community library completed its first year on July 25th and that it is proving a great utility to residents is shown by the following facts gleaned from the first annual report: Donated books, including the Halsey library, 1859; books bought, 193; mag-

azines on file, all donated, 26; magazines loaned, 639; books loaned, 5,255; borrowers registered, 444; receipts from fines (used for postage and incidentals), \$42.26.

Honeymoon in Camp.

Mr. and Mrs. Louis Stoneman are spending their honeymoon at Camp Lenawingo, on the Susquehanna river, near Wells Bridge.

Purchases Clark Property.

Milo Gregory has purchased the Dr. Paris G. Clark property on Main street and plans to occupy the same as a residence. It is a desirable property and in an excellent location.

Field Family Reunion.

Hartwick, July 30.—The annual reunion and picnic of the Field family will be held on the lawn of Mr. and Mrs. Charles Stoddard, the Field home, on Saturday, August 5.

Delaware County News

RIGHT LEG AMPUTATED

Of Henry Sloan of Davenport Center After a 11 Weeks' Illness.

Davenport Center, July 30.—Henry, the thirteen year old son of Mr. and Mrs. F. H. Sloan, who has been ill for 11 weeks, was operated on Friday at the Parshall hospital by Drs. Brinkman, Latcher and Craig. His right leg was amputated just below the knee. He stood the operation well and is resting as comfortably as could

be expected. He has many friends at this place who are wishing for him a speedy and complete recovery from his illness.

Brief News Notes.

Harlow Munson of Oneonta spent Saturday and Sunday with Mr. and Mrs. James Utter. — Gurney Hamm, who has been ill at Meridale, has returned to Davenport Center where he is gaining slowly. — The Ladies Aid society will hold a bake sale on Friday afternoon, August 4, at the store of R. W. Barnes.

The Word Cockle.

"To warm the cockles of one's heart" has several strange derivations. The word cockle is said to have been derived from the resemblance in shape between a cockleshell and a heart; from the resemblance between the Greek word for heart, kardia, and the Latin word for cockle, cardium; and from the Latin word cochlea, meaning ventricle, a small cavity in an animal body.

Exchanged Ideas.

That the Hittites were in constant communication with other nations is shown by the fact that Egyptian scarabs and maulets, Phoenician pottery and Greek terra cotta figures are found in the tombs of different periods. Bronze daggers and jewelry are fairly common and a safety pin, 3,000 years old, that would still work, is said to have been found.

BOBBED HAIR STRIKES SOUTH

Australian Women Take Up Fad, Which Men Resent. Bobbed hair among the young women of Australia is causing as much discussion and comment as in America. Until the craze started barber shops in Sydney were patronized only by the men. There are so many bobbed-haired women in Australia now, that they have two or three perfumed tonorial parlors of their own.

When the bobbed hair craze hit Australia it was tried first by women of the theatrical profession. Then magazines from the United States arrived with discussions by various people on bobbed hair. Soon bobbed hair became a topic of public discussion in Australia. The men will never get over the shock of seeing the other sex invade shops heretofore exclusively their own and demanding haircuts. Some people will never admit that the women have a right to choose their own methods and manner of conducting themselves.

"Regatta" is Venetian. A contest between boats, whether canoes, sailing or motor boats, is called "regatta." This word was borrowed from the Italians, who used it in connection with the boating contests on the Grand canal in Venice. The same word, however, meant to haggle over prices. The first "regatta" to be held in England took place on the Thames on June 23, 1775; but of course this wasn't by any means the first boat race held in England.

RULE WIFE CAN'T BE LIBELED

London Recorder Quashes Indictment Against Husband Because of Peculiar Precedent in Law.

London.—At the Central Criminal court before the recorder, William Anthony Barker, thirty-four, draughtsman, was indicted for publishing a defamatory libel concerning Elsie Alice Barker, his wife.

Mr. Frederick Levy, for the defendant, moved to quash the indictment. He quoted the decision in which it was held that a wife could not take proceedings against her husband for defamatory libel.

The recorder referred to a passage in the decision quoted in which it was stated that a libel might raise angry passions and a desire for revenge, and lead to breach of the peace. The learned judge thought, said the recorder, that that should be settled in the domestic forum.

Mr. Huntly Jenkins, for the prosecution, said he had intended to put the point before the recorder. There was no doubt that the defendant wrote a number of scurrilous postcards.

The recorder said: "If a man hits his wife she has a remedy, but if he inflicts the much more severe injury of writing libelous postcards she has no remedy."

Mr. Levy read a letter which the defendant had written to his wife expressing his sincere apologies for writing the postcards. He unreservedly withdrew all the statements and expressed regret for the annoyance which had been caused to her. He also spoke of the "most bitter remorse" which he felt. Mr. Levy added that the defendant desired him to emphasize the expressions of regret.

The recorder said it was admitted by the prosecution that the indictment would not lie. The law protected a wife from physical injuries which her husband inflicted on her, but apparently did not protect her from cowardly libels. He quashed the indictment, and the defendant was discharged.

Pipe Arch Bridge.

An engineering curiosity, said to be unique to this country and to have only one parallel in Europe, is the pipe arch bridge over the Sudbury river which carries Boston's water supply. The span is eighty feet, and the steel pipe, seven and one-half feet in diameter, rises five and one-half feet above the horizontal at the center. The pressure on the abutments when the pipe is filled with water is great and is resisted by a mass of concrete forty feet thick behind each abutment. Across the curved top runs a hand-railed foot bridge. The steel of the pipe in the arched portion is five-eighths of an inch in thickness.

Working Toward an Object.

Did you ever hear of a man who had striven all his life faithfully and singly toward an object and in no measure obtained it? If a man constantly aspires, is he not elevated? Did ever man try heroism, magnanimity, truth, sincerity, and find that there was no advantage in them, that it was a vain endeavor?—Henry D. Thoreau.

COOPERATION FOR THE COMMON GOOD

Necessary to Restore World to Peace and Order, Episcopal National Council Asserts

Chicago, July 29.—A fundamental change "in the spirit and working of our social and industrial life" is necessary to restore the world to peace and order, according to a declaration of social service principles which has been adopted by the National council of the Episcopal church. The declaration has been recommended for adoption as the official policy of the church by the Episcopal general convention which will meet at Portland, Ore., September 6. The fundamental change proposed can only be effected, according to the declaration, "by accepting as the basis of all our relations the principle of co-operation in service for the common good, in place of unrestricted competition for private or sectional advantage."

A definition of the meaning of social service, and a platform embodying that definition, were adopted at a recent meeting of the department of Christian social service of the National council; and by that body referred to the National council, which has now given them its indorsement, with the recommendation that they be approved by the national church. The declaration is as follows:

Principles of the Gospel.

"Christian social service means the application of the principles of the gospel of Jesus Christ to all the relations into which men and women are brought, whether in government, industry, social or political life.

"It means definite obedience, by all who hear the Christian name and accept the Christian religion, to Christ's law of duty toward one's neighbor, neighbor being every person, whether living near or far away, with whom one can establish the relationship of service.

"We understand the Christian religion to have a larger meaning and field than has been commonly recognized and that its message concerns justice and righteousness in the application of the golden rule, to all men and by all men, in whatever position or relation in life they may be. We understand that a position of any advantage conferred by material means, education, social or official position, carries with it responsibility toward those with whom one has to deal and forgetfulness of such responsibility means the disobedience of the Law of God.

"The church must serve all people, the privileged and the privileged alike, and must continue to stand for mercy, charity and compassion toward those who are in trouble; but beyond that it must stand for social justice, remembering that Jesus Christ died for all and that one soul is in His sight and should be in the sight of His disciples as precious as another. "Those who are in positions of power, in government, or in any other relation, should recognize the right of the employed to full opportunity for self-development. The welfare of human life should be emphasized above the value of property. Wages sufficient for a wholesome living should be the return for efficient service and the more that can be done in making the employer and the employed partners in business with a feeling of common and friendly interest and mutual service, the better.

"We understand that Christian Social service means following the example of the Master, who came not to be ministered unto, but to minister, and to mean obedience to the law of God, 'Thou shalt love thy neighbor as thyself,' and that it is our work to bring the members of the Church to realize this and so to fill out the ideal of Christ toward humanity."

The National Council recommends to the General Convention that in the name of the Church it take action as follows:

Fundamental Change is Necessary.

"Be it resolved, That in sympathy with the resolutions of the Lambeth conference of 1920 we desire to emphasize our conviction that the pursuit of mere self-interest, whether individual or corporate, will ever bring healing to the wounds of society. It should be recognized as an outstanding and pressing duty of the Church to convince its members of the necessity of nothing less than a fundamental change in the spirit and working of our social and industrial life. This change can only be effected by accepting as the basis of all our relations the principle of cooperation in service for the common good in place of unrestricted competition for private or sectional advantage."

"Resolved further, That in obedience to Christ's teaching as to covetousness and self-seeking, the General Convention calls upon all members of this Church to be foremost both by personal action and sacrifice in maintaining the superiority of the claims of human life to those of property. To this end it would emphasize the duty which is laid upon all Christians of putting human values first, of avoiding extravagance and waste, and of upholding a high standard of honor and thoroughness in work. In a word, they must set an example in subordinating the claim for rights to the call of duty."

Strikers, Attention.

Use these days of idleness painting your houses, roofs and out buildings. Surprising how little it costs. See me for extra low prices at this time. Call Saturday or evening after 6 p. m. L. W. Vandermark, 15 East street, advt 1w

with COLLEEN MOORE

and while the others danced she decorated the wall

Rupert Hughes, who wrote "The Old Nest" and "Dangerous Curve Ahead," says there are thousands of girls like Idalene Nobbins in his latest picture, "The Wall Flower."

He thinks that a girl need not be homely, friendless and unloved. And he has put his thought into a photoplay that is a gem of humor and observation.

Colleen Moore, who plays the wall flower, gives one of the greatest individual performances ever seen upon the screen.

A Word About Prices of Hides and Skins

HIGHER PRICED RAW STOCK MEANS HIGHER PRICED LEATHER AND HIGHER PRICED LEATHER MEANS HIGHER PRICED SHOES

"A WORD TO THE WISE IS SUFFICIENT"

We have long since adopted the policy of

Keeping Our Stock Moving. A Break in the Market Will Mean Heavy Losses to Dealers Who Decline to Sell at a Fair Profit.

THIS COMPANY HANDLED OVER 25,000 CALF SKINS IN THE FIRST SIX MONTHS OF THIS YEAR, 7,000 OF WHICH WERE PURCHASED IN THE MONTH OF JUNE ALONE.

It is the opinion of many persons connected with the shoe and leather industries that the rapid advance in prices of hides and skins is not justified by general business conditions throughout the country. Many tanners are refusing the meet the high prices being asked.

If you are a dealer in hides and skins, it will pay you to write or telephone us.

OUR CONNECTION WITH SOME OF THE LARGEST TANNERS IN THE UNITED STATES ENABLES US TO PAY HIGHEST MARKET PRICES AT ALL TIMES.

It Is Better to Be a "Sorry Seller" Than a "Sorry Holder."

CHEATING CHEATERS.

If organizations aiming to promote
the knowledge of sound investment and
aid the investor to secure facts mean
anything the life of the swindler and
crooked stock promoter will grow less
happy day by day.

One of the most recent of these or-
ganizations is the Better Business
Bureau of New York City. While its
activities will be concerned mostly
with local matters, it will co-operate
with similar bureaus in 35 other
cities throughout the country, and
keep in close communication with the
National Vigilance committee of the
Advertising Clubs of the World.

There are only a few of the inter-
ests concerned with warning the public
against cheating promotion of
legitimate investment, but there
can hardly be too much activity of
this sort.

The interest in investment has
spread with amazing rapidity among
small as well as large investors. The
organization which ruthlessly pur-
sues the swindler, and opens to the
investor avenues to sound investment
performs a public service.

FISHING FOR COAL.

One of the interesting revelations
connected with the coal strike is the
vast volume of "river coal" available
in streams flowing from the coal re-
gions in Pennsylvania. This fuel has
nothing to do with the so-called
"white coal" which hydro-electric in-
terests have been developing in re-
cent years. It is plain, black bitu-
minous, spilled and washed into the
rivers in the course of production and
carried by the water sometimes as far
as 200 miles. It is said to exist now
on some river bottoms in the form of
a stratum several feet deep. The
amount accessible by the process of
fishing is estimable at many mil-
lion tons. The water-washed fuel is
considered better for many purposes
than that coming fresh from the
mines.

The salvaging of this coal naturally
has been stimulated by the scarcity
resulting from the coal strike. It is
being fished for on a scale never
known before. And it affords a no-
table commentary on the wasteful
methods which in normal times at-
tend the coal industry.

A Large Caterpillar.

Thursday evening while Albert
Brown was cutting choke cherry
bushes on his father's farm near the
upper reservoir he came across some
large worms eating the young shoots
of the bush. They very much re-
sembled tomato worms in the general
aspect and the specimens brought to
this office Friday morning meas-
ured about a half inch in diameter,
and about three inches in length.
In coloring their back is a light green,
shading to a darker hue toward the
underside. Along the center of the
top, a row on each side of the center
line, are seven pairs of yellow papules,
with an odd one at the rear end. At
the head end of the caterpillar are 4
reddish orange projections. As a fur-
ther embellishment there are some
fifty-five or sixty light blue eminences
in rows along each side of the body.
Their body is divided into twelve seg-
ments, with an oval shaped, lighter
colored, marking on each, which
marking may be an opening of some
sort.

The worm has five pairs of feet un-
der the rear most portion of the body
which it uses for the actual holding
of itself to the twigs, while very near
the head are three sets of false feet,
being terminated in sharp hooks. The
mouth seems to be a row of projecting
parts, when open, and when eating
the inside of the mouth may be filled
with a black secretion.

Outing in the Rideau.

Hon. and Mrs. Charles C. Flaesch
of Unadilla leave early Tuesday morn-
ing by motor car for Newboro, Onta-
rio, Canada, where they will, as
is their custom, spend the month of
August on the beautiful Rideau en-
joying a month of relaxation and
employment. They will be accompanied
from Oneonta by Justice and Mrs.
Abraham L. Kellogg who will remain
for two weeks. That Mr. Flaesch can
consent to leave his duties as assis-
tant manager of the Unadilla base ball
team is a surprise to his many
friends here and it goes without say-
ing that the Rideau (in Canada) must
be an attractive place indeed. How-
ever, the shoulders of Cornie Moore
are broad and as the team is well or-
ganized and going along fine it may
be assumed that no ill will befall the
team.

To Test Fifty Herds.

Though it will be impossible this
year to get Delaware county entered
on the area plan for the eradication
of bovine tuberculosis special arrange-
ments have been made with Commis-
sioner Pyke for the testing of about
fifty herds under the regular accredi-
ted herd plan. It will probably be im-
possible to get more than the fifty
herds tested unless the owners waive
the Federal indemnity. Application
blanks can be secured from the Farm
Bureau office and it is necessary that
herd owners interested not promptly
Z. W. Harper, president of the Dela-
ware county Breeders' Cooperative as-
sociation, Inc., was instrumental in
getting Commissioner Pyke to agree
to do this amount of work here this
year.

Concert at Bainbridge.

The famous Downsville band of
25 musicians and a variety of other
talents will give a free concert in the village
park at Bainbridge from 7:30 to 9:30
o'clock on Thursday, August 10. All
residents of the valley and vicinity are
invited to visit Bainbridge and listen
to the concert.

DID YOU EVER STOP TO THINK?

THAT prejudice against your
city is just like a bad case of indi-
gestion; it spreads poison through-
out the system, warps the judg-
ment, sours the disposition and de-
stroys that kind of action which
builds and produces.

THAT if you are in business to
make money, MAKE IT BY AD-
VERTISING.

THAT your prosperity depends
upon the prosperity of your com-
munity.

THAT if your citizens start out
with CHIEF DETERMINATION
and the WILL TO SUCCEED, the
sky will be the limit in what your
city can do.

THAT jumping at conclusions is
not good exercise. Think it over
first.

THAT the significance of your
city's possibilities of development
ment and growth is becoming
more apparent every day.

THAT you should use every op-
portunity to present to the world
the attractive features of your city.

THAT business is improving and
that now is the time for all pro-
gressive business men to pull the
throut and go "full steam"
ahead.

THAT the progressive business
man ADVERTISES. He uses the
advertising columns of his news-
papers because they are the me-
dium that goes into every home and
is read by all the family.

THAT the success of a business
is not judged by the output, but by
the receipts in comparison with
the investment and the expense
of operation.

COURT PROCEEDINGS

MANY CASES OF INTEREST BE- FORE JUSTICE KELLOGG HERE ON SATURDAY.

Affairs of Phoenix Mills Milk Com-
pany, Local Cooperative Milk Com-
pany Closed—Still Seeking Perma-
nent Injunction in Richfield Hotel
Case—Various Divorce, Foreclosure
and Other Actions.

Saturday being the last day until
September 2nd upon which Justice
Kellogg is scheduled to hold a Satur-
day motion term at chambers here it
was a busy one for the court, requir-
ing expeditious work to adjourn in
time for the ball game in the after-
noon.

One of the important cases was that
entitled George R. VanDeusen suing
in his own behalf and for others simi-
larly situated against Frank King et
al, an action requesting a distribution
of the assets of the Phoenix Mills
Milk company formerly doing business
at Phoenix Mills to its patrons and
to ascertain liabilities. The report
of Referee Harold T. Basinger was
filed and approved and the order of
distribution granted. Orange L. Van-
Horne of Cooperstown appeared for
the plaintiff and Hon. N. P. Willis for
the defendants.

The Richfield hotel matter which
has frequently been before the court
was brought in again by Venitha B.
Justice on an order secured requiring
the defendants to show cause why an
injunction should not continue during
the pendency of the original action
restraining the defendants from ac-
tivity in the case which would render the
judgment sought in the action ineffec-
tual.

Star readers will recall that it is
claimed on the part of Justice that he
took a lease of the Richfield hotel
with an option to purchase it at
\$7,000 but before the time expired
the defendant, Alocco Curcio, the
owner, decided the hotel to his son-
in-law and daughter, Mario and Net-
tie Balette. Justice then brought ac-
tion to compel specific performance of
contract, which action is now pending
and he is presently seeking a perma-
nent injunction to protect his
rights pending the outcome of the
action. The court will probably de-
cide the motion today, decision being
reserved Saturday. W. S. Eaton of
Richfield Springs and C. L. Earl of
Herkimer of counsel for the plaintiff
and James J. Bard, Jr., and L. E.
Wulath of counsel both of Cooper-
stown for the defendants.

Walton Foundry Again.

In the case of Walton Foundry
company vs. A. D. Glazier company,
on application an order was granted
that the judgment entered by the
plaintiff against the defendant be
opened without costs. This permits a
re-trial of the case.

In the same action an order was
returnable on Saturday requiring the
plaintiff to show cause why it should
not be compelled to serve a further
amended complaint to comply with
the order of the court directing the
plaintiff to re-arrange, state and num-
ber the causes of action set forth in
the second paragraph of the original
complaint.

The court held that the plaintiff
must be served with an amended com-
plaint within ten days, separately stat-
ing and numbering the causes of ac-
tion set forth in the fourth paragraph
of the amended complaint, the de-
fendant to have ten days in which
to serve an answer. The amended
complaint must be served within ten
days after the service of a copy of
the order granted herein. Notice is
given costs. Wilber, Norman and Kahn
of New York city for defendant and
motion and A. G. Patterson of Wal-
ton for plaintiff, opposed.

Alleges Contempt of Court.

Another interesting case was pre-
sented on a show cause order in the
action of Charles R. O'Connor against
Jean Miller of Bown, requiring the
defendant to show cause why he
should not be punished for contempt
of court for sending cash out of the
United States in defiance of a court
order. The argument of the case was
set down for chambers here on Sat-
urday, September 2, at 10 o'clock.
Charles R. O'Connor for plaintiff and
Seybolt & Seybolt for defendant.

Bryant Incompetent.

A petition was presented for the
appointment of a committee of the
personal property of William Z. Bry-
ant, an alleged incompetent of Rich-
field Springs. J. Devere Reed of
Richfield Springs was appointed com-
missioner to try the question before

Still "Mopping Up" in Mine Battle Area

State police and deputy sheriffs are still "mopping up" in the hills of Washington county, Pa., seeking participants in the mine battle at Cliftonville, W. Va. in which Sheriff H. H. Duval and others were killed. This photograph taken by Bob Dorman, NEA Service staff photographer, shows officers rounding up men in Avela. Photo for questioning.

THE AMERICAN RED CROSS

Miss Katherine Robertson, Efficient
Public Health Nurse, to Take
Month's Vacation.

Miss Katherine Robertson, the pub-
lic health nurse, working under the
authority of the Oneonta chapter of
the American Red Cross, left on Sat-
urday for her vacation. For the past
year Miss Robertson has successfully
carried on weekly baby clinics under
the direction of Dr. Chapman, who
so kindly gives of his time and skill
each week. At the present time there
are about 60 babies under her care.
Besides this work the nurse assisted
at the dental and tuberculosis clinics.
During the past school year more than
240 children have received dental care
and treatment, and 150 had teeth
cleaned and received advice regard-
ing care of teeth by a dental hygienist.
In the year past Miss Robertson has
made 1,250 nursing visits in the homes
of the city.

About the first of September Miss
Robertson will return and take up the
work again. Mothers are urged to
bring their babies to the clinics to
be weighed and measured. Any de-
fects or illness being noted by the
physician, the case is referred to the
family physician at once. Many cases
arise in the homes where trained care
is needed for a short time each day
only. The services of this nurse are
available to all, both to those who
prefer to pay a small fee, and to
those who need her services and are
unable to pay.

A sheriff's jury in Richfield Springs,
Lincoln L. Kellogg for petitioner.

Divorces Granted.

Evidence was taken and a divorce
granted to Nellie May St. John of
Cooperstown against George C. St.
John. Orange L. VanHorne for plain-
tiff and Clermont G. Tennant for de-
fendant.

Proof was also taken and a decree
granted in the divorce action brought
by Ernest Cole of Mt. Upton against
Frances Cole. Merritt Bridges was
the attorney for the plaintiff.

A decree was also granted, after
hearing to the proof, to Flora B.
Mayne of South Edmeston from her
husband, Bert Mayne. Duane L. At-
kins of Sherburne appeared for the
plaintiff.

Gladys V. Wrench of Bainbridge al-
so secured relief from marital bonds
with Carlton Wrench. Homer D.
Owens appeared for the plaintiff.

Action in Foreclosure.

Order of publication was granted
in the foreclosure proceeding insti-
tuted by Loren P. Cole against Elsie
Wood et al. Wood D. Vanderwerker
of Otsego.

Proofs were taken and rights of in-
terested parties decreed and interlocu-
tory judgment granted in the fore-
closure proceeding brought by
Charles Olmstead against Thomas H.
Knap and 50 others. Lynne J.
Barnes of Worcester was appointed
referee to sell. J. S. Waterman of
Worcester for plaintiff, C. H. Merriam
of Milford for infants and Seybolt &
Seybolt for certain defendants.

In the action brought by Roger P.
Coyle against Elsie P. Smith and
Eva C. Thompson of Meridale et al.
the referee's report was read and filed
and judgment of foreclosure and sale
decreed. Arthur J. Curtis of Delhi
was appointed referee to sell. Wil-
liam H. Roberts of Danversport Center
appeared for the plaintiff.

In this same action of Coyle against
Smith a motion made by Hamilton J.
Hewitt of Delhi appealing for certain
judgment creditors asking for the ap-
pointment of a receiver before the
sale of the property could be had for
the purpose of gathering the hay
and conserving the crops on the farm
for the benefit of the judgment credi-
tors. J. Wayland Ayer was appoint-
ed receiver and required to give bonds
in the sum of \$500. It is believed that
the bond will be attainable, if Mr.
Ayer consents to serve.

TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Clip-
ped from The Star Files.

July 31, 1892.

Rev. J. H. Brandow of the Presby-
terian church leaves tomorrow to
spend a three weeks' vacation in the
Catskills.

The drinking fountain at the corner
of Main and Dietz streets will be re-
paired by the W. C. T. U. and will
soon be in a condition to supply ice
cold water to a thirsty public.

The gallant Third Separate com-
pany returned Saturday evening from
the camp at Peekskill and was met
at the station by the City Band. Our
company had an enviable reputation
at camp and was the only unit of
the battalion to receive special mention
in the Army and Navy journal.

July 31, 1902.

Reginald Goldsmith is spending
several weeks at the farm of Samuel
Bligh.

Some 20 couples were present at
the second of a series of short waltz
dances held in Exchange hall last
evening.

We note with much pleasure the
continued success attending T. Dun-
kin Talmadge in the field of art in
New York city. He has recently
painted a miniature of the daughter
of Mrs. Cornelius Vanderbilt and ex-
pects soon to paint a portrait of J.
Pierpont Morgan.

George J. Smith of Kingston re-
ceived the unanimous nomination for
congressional representative at the
Republican congressional convention
for the 24th district, comprising Otse-
go, Delaware, Ulster and Schoharie
counties, held at the Oneonta theatre
yesterday. The delegates from Otse-
go county were C. M. Bates, L. J.
Barnes, George W. Milford, Merritt
Bridges, W. H. Johnson, Guyler E.
Carr, Merrill Grant, C. W. David-
son and John E. Humphrey. J. F.
Thompson, esq. of Oneonta was one
of the secretaries.

BORDEN'S PRESIDENT TESTIFIES
Says Company's Interests Are Best
Served by Pooling Plan.

Utica, July 31. — Patrick E. Fox,
president of Borden Farm and Pro-
ducts company, testified Friday in the
suit of Frederick C. Barnes against
the Borden company and the Borden
company. Mr. Fox said that the com-
pany's best interests are served by
purchasing milk under pooling plan.
He did not think that non-poolers or
others would have been able to sup-
ply the amount of milk required by
Borden in April of this year. He testi-
fied that in 1919 when the pooling
plan began his company had 165 fac-
tories. They decreased under the
pooling plan to 100 plants now. The
surplus milk during that period varied
from 3,000,000 to 10,000,000 pounds.
He said the surplus milk kept increas-
ing largely because of better dairy
conditions and better types of cattle.
Before the pooling plan was adopted,
he said, milk conditions were un-
economic, because Borden were not
equipped to handle surplus milk. He
said the Borden company purchases
about 10 per cent of the state milk.
The consumption in New York mar-
ket varies from 6,000,000 to 61,000-
000 pounds weekly.

Clarke Names Committee.

Representative John D. Clarke, who
is a candidate for the congressional
renomination on the Republican ticket
this fall, has selected the following
members of the committee on vacan-
cies: John C. Clark of Binghamton,
M. Minerva Dalmatier of Bingham-
ton, James S. Flanagan of Norwich,
Marion L. Butlerfield of New Berlin,
James F. Foreman of Delhi, Helen
Penfield of Delhi, Julian C. Smith of
Oneonta and Clara A. Welch of Ed-
meston.

Dry Cleaning Is Thorough Cleaning

How quickly dust and dirt set-
tle upon things is indicated by
the frequency with which you
must wash your face and
hands.

Dust settling upon clothing
works its way into the fabric
and takes away its "life" and
color, working increasing in-
jury to the fabric. Frequent
brushing does not clean cloth-
ing. Brushing merely removes
a little surface dust. If you
wish to get the utmost service
out of your garments and keep
them looking bright and new,
have them cleaned thoroughly
and frequently by

LOCAL MENTION

—Oneonta Giants versus Stamford at Neahwa park at 4:15 this afternoon. Note the change of time.

—A baseball diamond for boys is being constructed by the park commission back of the center field fence at Neahwa park.

—The Boosters class of the Elm Park Methodist church will hold an ice cream festival with moving pictures on the church lawn this evening.

—Barracks similar to those near the D. & H. roundhouse are being constructed near the Chestnut street end of the Fonda avenue foot-bridge to house the men employed in the car shops.

—The replacement of the spire on St. Mary's church by a battlement has been completed and the church has gained in appearance thereby, better proportion and harmony of design resulting. A gilded cross has been placed on top of the battlement.

—Mr. and Mrs. Clark Frisbee, who recently sold their residence on Myrtle avenue, have purchased of M. V. Beckstedt his house and lot at 37 Center street and Mrs. Frisbee and daughter will occupy it after August 15th. Mr. Frisbee is detained much of the time at the farm in Delaware county.

—A slight accident took place at the corner of Main and Broad streets Saturday afternoon at 4 o'clock when the driver of a Ford touring car attempted to turn out for a car parked in front of the Oneonta hotel and collided with a trolley in the main line service, which was returning to the car barns. No damage was done although considerable excitement was roused among bystanders.

THREE YEAR OLD GIRL HURT

Little Dorothy Smith Sustains Severe Injuries When Knocked Down by Automobile on Dietz Street Saturday Afternoon.

Dorothy Smith, three years old, was seriously injured at 5:30 Saturday afternoon about opposite her home at 23 Dietz street when she was knocked down by an automobile driven by Leonard Gifford. The child was taken at once to Fox hospital in the car of Frank Bordinger. It was found that she was suffering from concussion of the brain and cuts about the face and it was at first thought that her injuries would prove fatal but it was stated at the hospital last evening that there was good hope for her recovery although the full extent of her injury has not yet been ascertained.

Gifford was driving down Dietz street and the girl stepped out directly into his path from between two cars parked at the curb. He was driving slowly and made every effort to avoid hitting the child, but was unable to do so and the right front fender struck the girl, throwing her to the pavement.

Births.
Born, July 23, to Mr. and Mrs. Almon Georgia of West Kortright, an eight pound daughter, who has been christened Judith Cornelia.

Born Saturday morning to Mr. and Mrs. Henry E. Kent, 175 1/2 Chestnut street, a son, Henry E. Jr.

Born, to Mr. and Mrs. Carl Dutcher, 12 Pleasant street, Monday morning, a daughter, Gladys Catherine.

Born, at 9 p. m. July 30, to Mr. and Mrs. David Devine of 12 Academy street, a ten-pound daughter.

Letters from Dr. and Mrs. Cutler.
Letters were received on Saturday from Dr. and Mrs. Arthur W. Cutler by Mr. and Mrs. L. V. Verne. Both which were written from Colon, Panama, in which they both state that Dr. Cutler is feeling much better than when he left Oneonta and that both are enjoying the trip greatly. The letters are reassuring in view of the rumor that Dr. Cutler had been taken critically ill and removed to a hospital.

Reconditioning "Y" Bowling Alleys.
William Ross, representing the Balke-Chandler company, began work Saturday reconditioning the local "Y" M. C. bowling alleys for the fall and winter season. He is a competent workman and will thoroughly repair, replace and refinish the alleys, probably completing his work by Wednesday. The alleys will then have several weeks to "season up" for the opening on September 15.

Meetings Today.
Bible Study class, group 4, will meet tonight at 7:30, at the home of F. W. Knapp, 93 Elm street.

Meeting Wednesday.
Special meeting of Oneonta Rebekah district No. 1 will be held in I. O. O. F. temple Wednesday, August 2, at 2 p. m., for the purpose of recommending a Past Noble Grand for district deputy president to fill the office left vacant by the death of district deputy president, Harriet Dickinson.

For Sale.

HEAD OF FEDERAL RESERVE

Governor Benjamin Strong of New York District Addressed Bankers of Oneonta County at Chamber of Commerce and Reunion—Four Functions of Big Financial Institution—Other Business of Meeting.

One of the best attended and most interesting of summer meetings of the Oneonta County Bankers' association was held Saturday afternoon at the Oneonta Country Club. Twelve of the fifteen banks were represented, some of them by a large part of the official force and directorate.

The principal speaker of the day was Governor Benjamin Strong of the Federal Reserve bank of New York. Mr. Strong was scheduled to appear at the luncheon of a year ago but business of importance called him at the last moment to Washington. The unfulfilled promise of 1921, and his friendship for Hon. Charles Smith, brought him on Saturday last to this city.

The party, which, with the addition of a few guests, embraced about 75, sat down at one o'clock to a delicious and well-served meal. Grace was said by Rev. B. M. Johns, following which President George H. White of Cooperstown, in a brief, felicitous address, introduced Governor Strong as the principal speaker of the day.

In his introduction Mr. Strong spoke of the pleasure which he felt in visiting for the first time the city of Oneonta and this part of the state; and he paid a fine tribute to our townsman and his associate in the work of the Federal Reserve bank, Hon. Charles Smith.

Concerning the Federal Reserve system, which was the theme of an address which was entirely informal in character, Mr. Strong said that it is nothing mysterious about it, although the original bill fills 65 pages, Japan, by its way, has a similar system and its statute, translated and reprinted in English, occupies only five pages, yet under it the banks of the Flowery Kingdom function satisfactorily.

R. Q. Smith of Cooperstown, Junior Project leader for Oneonta county, followed with a brief talk in which he outlined the work and needs of the Junior Project and brought up a proposition previously presented, that the banks of the county assist the work by contributing the sum of \$1,500, paying a definite amount upon each \$1,000 of capital and surplus. On motion the matter was referred to the executive committee.

The various banks of Oneonta county were represented as follows by officers, directors and guests: Citizens National of Oneonta: Hon. Charles Smith, R. C. Briggs, S. S. Crandall, W. S. Dart, Hon. George W. Fairchild, B. C. Kauffman, E. Folley, Hon. J. C. Smith, E. Winsor, E. D. Lewis, A. E. Hewell, H. W. Stanton, Bruce Bouton, Philip G. Strong.

Wilbur National of Oneonta—Albert B. Tobey, Samuel H. Potter, Edward Crippen, Robert Hall, Lewis H. Atwell, Paul E. Baldwin, Irving H. Rowe, Orlando B. Rowe, Edward M. Roman, D. A. Diefendorf, L. E. Winger, W. T. Bolton, Rev. Dr. B. M. Johns.

First National of Cooperstown—George H. White, Charles A. Scott, L. A. Carter, L. B. Crutten, Martin Meakler, Frank Hale.

Second National of Cooperstown—Charles T. Brewer, E. F. Murdoch, Edward S. Brockham, Geo. Milton Augur, F. W. Spraker.

Cooperstown National—R. G. Johnson, A. W. Jennings, E. L. Lindsay, J. E. Fawcett, Company of Gilbertsville—Chas. R. Brewer, William Hankey.

First National of Edinboro—Hon. U. G. Welch, John L. Shaw.

Hartwick National—O. S. Burch, E. L. Sergeant, O. W. Murdoch, E. O. Rogers, Geo. E. Schoolcraft.

Milford National—C. J. Armstrong, F. L. Platt, S. D. Haight.

First National of Morris—Merritt Bridges, George W. Whitman, Harrison Cossart, C. J. Smith.

Bank of Worcester—George B. Crippen, John D. Bulson, Philip M. Crippen.

Schenectady National—O. F. Lane, J. P. Griest, J. A. McDuff.

Guests of the Association—Benjamin Strong, Governor of Federal Reserve bank, New York city; R. Q. Smith, Junior Project manager, Oneonta county; R. J. Smith, supervisor town of Roseboom.

Band Concert Draws Record Crowd.
Extremely enjoyable was the concert given at Brown's park Saturday evening by the Company G band under the efficient leadership of W. S. Duester. The attendance was the largest of the season and was unusually appreciative, applauding liberally and unceasingly until the last note of the last selection. The program printed in the Saturday Star was rendered in excellent fashion and every number was greatly enjoyed. It would seem that in occasional weeks the concert might be given on Saturday evening instead of on Wednesday. A concert on Saturday evenings attracts many people from out of the city who find it impossible to attend on any other night. Of course the majority of the concerts should be given on weekday nights for the benefit of the many who work on Saturday evenings.

Owing to the advance of one cent a quart to the producer of milk delivered to us during the month of August, our price for same pasteurized and bottled will be 16c a quart and 6c a pint; extra heavy cream, 20c a half pint. Coffee cream, 14c a half pint. Adv. 3t

SERIOUS TROUBLE AVERTED

Gathering of Strikers Near D. & H. Barracks Dispersed After Police Counsel Discretion—Chief Horton Advises Strikebreakers Not to Come Up-Town.

The first reported disorder arising out of the local strike situation occurred at about 1 o'clock Sunday morning when from 100 to 150 strikers gathered at the Chestnut street end of the Fonda avenue foot-bridge and were only prevented from moving on the barracks where the imported D. & H. employees are housed by strenuous efforts on the part of the railroad and city police.

The strikers claimed that women passing over the bridge had been insulted by strikebreakers and were intent on "cleaning out" the barracks. It was feared that serious trouble might arise, but Lieutenant Water Fox of the D. & H. police pleaded with the men, counselling discretion and peaceful methods, and his efforts at last resulted in the dispersal of the gathering.

While the men were assembled at the bridge one of their number is said to have been caught by D. & H. police as he was crawling through the grass in the direction of the barracks.

It is said that D. & H. officials claim that if any women had been insulted by the strikebreakers it has been through the fault of the women in addressing remarks to the men in their zeal to aid the cause in which they were interested. Whatever was the cause, the situation looked threatening and that serious trouble was averted is due to the efforts of the police officials and to the strikers themselves, who have endeavored to conduct the strike in an orderly manner.

On Saturday evening three of the strikebreakers, who had come uptown on some errand or other, ran into police headquarters asking protection against strikers who had threatened them. Chief Horton notified the D. & H. police department and a car loaded with detectives was sent to take the men back to their quarters.

Before the strikebreakers left, Chief Horton advised them and all of their companions to stay on company property where they will be safe and not to come uptown. Feeling runs high against strikebreakers, said the chief, and trouble can be expected by the men staying in the vicinity of the barracks and not coming up town where their presence might easily cause disorder.

SEMI-PRO LEAGUE PROPOSED

Norwich Agitating for Four Team Circuit—Might Be Good Thing.

Word comes from Norwich that Business-Manager Taylor of that city has proposed a four team league, other teams to come in if they so desire. The teams of the tentative league would be Oneonta, Norwich, Sidney and Unadilla. The writer can see no good reason for not including Stamford and Walton. True, the distance between Stamford and Norwich is considerable, coming close to eighty miles, but that handicap could be readily made of little account in the arrangement of the different series of games, fixing up the schedule so that the long jump would be a rarity.

The benefits of the deal, as the Norwich Sun sees it, would be numerous. To begin with, it would do away with eleven hour cancellations by a team which has suddenly been made the recipient of an offer for a certain date which looks a little better financially than the one already scheduled. Also such a league would create keen and friendly rivalry. The Sun, too, quotes the Sun, "the victor could be acclaimed champion" and if Bill Fischer, Jerome Farrell or other semi-pro moguls disputed the claim, a series of games and a box office attraction would decide the issue."

STAMFORD HERE TODAY.

Mountaineers Will Oppose Clan of Bridwell at Neahwa Park at 4:15.

A change has been made in this week's schedule and the Giants will play Stamford here today instead of at the summer resort. Friday's game, originally scheduled for Neahwa park, will be played at Stamford.

Stamford, flushed with the success of recent victories over Oneonta and of the overwhelming week-end defeats administered to the Utica Kaysees, will make a strong bid for the game. The Giants will fight with their backs to the wall and will strive mightily to stem the tide of defeat which has carried with it the loss of five straight games. With such the case this afternoon's encounter should be bitterly contested.

Ford

THE UNIVERSAL CAR

Henry Ford, the industrial genius, has solved the problems of quantity production without a lowering of quality.

—Exchange.

This speaks volumes for the Ford car, which for ten years we have distributed, each year seeing the car improved, and each year (excepting during the World war) the price lowered, until today the Ford Motor Company sells a car at a Lower Price than ever before, and this price is from one hundred to nearly three hundred dollars lower than the nearest competitor.

Evening Gaites on the Border

Full dress, so to speak, is worn frequently on informal occasions along the Mexican border since Mr. Volstead's act began to influence social usages. If you'll look at the fellow Officer R. D. Brown, of Brownsville, Texas, is searching you'll know what we mean.

MORRIS RESIDENT DEAD

Fred B. Wallace, Formerly of Waverly, Passes Away After Long Illness.

Morris, July 30.—Fred B. Wallace, who had been in failing health for a year or more passed away quite suddenly Friday morning. While seated on the front porch at about 9 o'clock with his father, examining the morning mail, he suddenly fell forward from his chair and expired. Mr. Wallace had resided in Waverly for about 15 years, where he had been employed in a large dry goods house, but being in poor health he came to Morris in April last hoping that the change back to old home surroundings would prove beneficial.

It was thought that he was growing better and stronger and he had been in attendance at church services and other places and on Friday morning he appeared quite as well as of late. He, however, was stricken suddenly and the end came.

Mr. Wallace was born in Morris in 1875 and was the son of Henry Wallace. He resided here most of the time prior to his removal to Waverly. He was united in marriage with Miss Claudine Johnson at her home in New Lisbon in 1905 and she with one adopted daughter, Maryvett, and his father and stepmother survive him.

Mr. Wallace was a man well liked and with many friends here who sympathize with the family. He was a member of Zion Episcopal church and of the Masonic fraternity. The funeral services will be held from the residence of the father on Tuesday at 2 o'clock. Rev. E. E. Hutchinson, rector of Zion church will officiate and interment will be in Hillington cemetery.

Elm Park Delegates to Sidney Grove.

The following delegates will represent the Elm Park Methodist church at the Epworth League institute which opens at the Sidney Grove camp grounds this evening: Miss Iva Church, Miss Ruth Truendele and Miss Lois Dodge. Dr. Clarence True Wilson of Washington, D. C., is the speaker for this evening. One of the strongest programs ever arranged for an Epworth League gathering in this part of the country has been prepared, among the speakers being Dr. Chas. E. Guthrie of Chicago, general secretary of the Epworth League.

NOTICE TO CREDITORS

Pursuant to an order of Shirley L. Huntington, surrogate of the county of Oneida, notice is hereby given, according to law, to all persons having claims against the estate of Fred M. Bliss deceased, late of the town of Oneida, to said county, that they are required to exhibit same, with vouchers thereon, to the undersigned, secretary of the last will and testament of the said deceased, at the law office of Seybolt & Seybolt in the city of Oneida, in said county, on or before the 10th day of October next.

Dated April 1, 1922.
Seybolt & Seybolt, Executrix.
Oneida, N. Y.

Crounse and child of Delmar, arrived in the city on Saturday and yesterday accompanied Mr. and Mrs. Edward Crippen and family to Lisle whither they went to visit the ladies' mother, Mrs. E. M. Burpee, who is residing in that village. Mr. and Mrs. S. S. Backus of Hartwick, also motored to Lisle for the day with the family there.

Mrs. Anna Street and daughter, Mrs. N. W. Mills, of Binghamton, returned to Oneonta on Saturday after a visit with the former's mother, Mrs. Charles

HOWARD BEDFORD DEAD.

Native of Franklin and Well Known Hotel Man for Years.

Mt. Vision, July 30.—Howard Bedford died at his home here Saturday morning following a decline of a year and more during the last few months of which he had been a great sufferer. The funeral, which will be private, will be held on Monday at 11 o'clock from his late home Rev. J. A. Dillon will officiate and interment will be at Hartwick.

Mr. Bedford was born at Franklin, July 15, 1852, the son of the late Osborn Jesse and Mary (Beach) Bedford and most of his life was passed in Franklin and Unadilla, he conducting a hotel near the railroad station in the latter village and remaining there until 1897, when he removed to Hartwick, conducting a hotel there for years. About 15 years ago he moved to the hotel in this village where he has since resided.

In 1877 he was united in marriage with Mary TenEyck who with one daughter, Mrs. John A. Bush of Hartwick, four grandchildren and two sisters, one residing in Newark, N. Y., and one in Minneapolis, Minn., survive him.

UMPIRE BEANE RESIGNS

Joseph Herold of Elmira Will Replace Him as Local Baseball Arbiter.

Umpire Joseph Beane, who has held the indicator at Neahwa park for the past two years, has tendered his resignation and has been accepted with regret by the directors of the Community Athletic association. Beane has conscientiously called plays as he has seen them, but the constant bickering of fans and players progressed to the point where he felt obliged to resign. Many will regret the necessity of his action. Beane has had several offers, including one from a vicinity team, but has not yet decided upon his plans for the remainder of the season.

To replace Beane as arbiter of local baseball battles President Marx has secured the services of Joseph Herold of Elmira, who will officiate for the first time this afternoon. It is expected Herold has umpired for the Elmira Athletics and for the Bath-Avon team and has given good satisfaction.

He is said to possess a distinctive personality on the diamond.

Rote to Pitch.

Chester Rote began more intensive training Saturday in preparation for the baseball game to be played August 7th at Goodyear lake field day. The East Side gang is to play the West Side and while the positions on the teams are not definitely assigned as yet "Christy" Rote showed in his workout yesterday that the West Side would be obliged to shift quickly if they were to connect with him. In fact, I. J. Bookhout spent the day yesterday recruiting ambitious youngsters to search for balls, as the backstop at the lake is of rather meager dimensions. Work is soon to start on the more than a thousand of floating mats which are to adorn the lake. The public is cordially invited to attend the field day, August 7th, or August 8th in case of unfavorable weather the 7th.

Jette Brittan, at Esperance, and with other relatives there Mrs. Brittan will celebrate her 102nd birthday on Sunday, August 6th. Until comparatively recently she has been able to get about the house and use both her eyes in reading and her fingers in needlework. Mrs. Mills will remain in Oneonta for a visit with her mother.

Mr. and Mrs. Frank Manley and Mr. and Mrs. Allen D. Backus, all of East Orange, N. J., motored to Oneonta on Saturday and were the week-end guests of Mr. and Mrs. Charles F. Shellard at 62½ Dietz street. While ostensibly they came to bring Mrs. Backus for a visit with her parents, doubtless Mr. Manley had anticipated a round of golf with Mr. Shellard. The other members of the party returned today but Mrs. Backus will remain for an extended visit. Mr. Backus, whose school duties prevent a longer vacation, will come for a couple of weeks' stay during August.

Mrs. Norman H. Menzley and son, Donald, have returned home after a three weeks' sojourn in Binghamton and vicinity. Norman Menzley, an older son, remains for a longer visit with his grandparents, Mr. and Mrs. George H. Chandler, in Binghamton.

Merrill S. Roberts, 2nd, of Mechanicville, was the week-end guest of his aunt, Mrs. George E. Moore, 2 Walling boulevard, while on his way to East Meredith to spend a week's vacation with his parents, Mr. and Mrs. J. I. Roberts.

Mrs. Watson L. Cobine is convalescing at her home on Spruce street from quite a severe operation she recently underwent at the Parshall hospital. Her brother-in-law, Watson L. Cobine, of Rotterdam Junction is visiting her at the home here.

Mrs. P. S. Peck of 519 Main street returned Saturday evening from a two weeks' visit with relatives and friends at Binghamton, Deposit, Canonsville, Kelsey and Hancock. Millard Turner of Deposit came home with her for a few days' visit.

D. F. Seaver of New York city has been the guest of his mother, Mrs. Celia Seaver, at 51 Maple street, for the past few days. He left yesterday for Catskill where he will spend the remainder of his vacation with his wife and daughter, who are spending the summer there.

Arthur J. Wheeler of New York city arrived Saturday for a week's visit with his parents, Mr. and Mrs. A. J. Wheeler, 60 West Broadway. Mr. Wheeler is now secretary of Holbrook, Inc., a newly organized concern which is installing soda fountain lunchettes in the metropolis and wholesaling soda fountain supplies.

Many friends of Mrs. W. N. Wade, well-known member of the Oneonta Department store force, will be glad to learn that she is recovering from a slight operation performed at the Parshall hospital a week ago. She was able to leave the hospital last Friday and is convalescing at the home of her daughter, Mrs. Clyde Bessce.

Mr. and Mrs. Lawrence Ingram of Ingram lodge at Floodwood in the Adirondacks arrived last evening and will be the guests until Tuesday of Dr. C. R. Marsh at his Goodyear lake camp. Mr. Ingram, who was formerly connected with the Elmore Milling company of this city, now holds a responsible position with a large feed concern in Boston.

Mrs. C. M. Crounse and child of Delmar, arrived in the city on Saturday and yesterday accompanied Mr. and Mrs. Edward Crippen and family to Lisle whither they went to visit the ladies' mother, Mrs. E. M. Burpee, who is residing in that village. Mr. and Mrs. S. S. Backus of Hartwick, also motored to Lisle for the day with the family there.

Mrs. Anna Street and daughter, Mrs. N. W. Mills, of Binghamton, returned to Oneonta on Saturday after a visit with the former's mother, Mrs. Charles

MARRIAGES.

DeForest-Ray.

On Sunday morning, Sylvia, younger daughter of Mr. and Mrs. Charles E. Ray, who reside near Wells Bridge, and L. Ray DeForest of Unadilla, were married by their former pastor, Rev. W. C. Dodge, at the Elm Park church, this city. They were attended by the bride's sister, Gladys, and brother, Asaph.

The bride is a graduate of Unadilla training class and for several years has been a successful teacher. The coming school year she will teach in the grammar department of the Wells Bridge school.

The groom was in training as a machine gunner during a period of the World war. He is now employed as a night operator in the Standard Light, Heat and Power plant at Sidney.

The honeymoon will be spent camping and motoring.

The very best wishes of many friends are extended to Mr. and Mrs. DeForest.

Weds Schenectady Man.

Mr. and Mrs. Earl A. Smith and daughter, Ellen, arrived home Saturday after an enjoyable two weeks' vacation which included a motor trip into Northern New York, most of the time being spent at Plattsburg. On July 17 they were present at the marriage of Mrs. Smith's sister, Miss Mary Carr, to John B. Nicholson, the ceremony being performed at the home of another sister, Mrs. James Managan, in Gloversville.

After honeymooning in Atlantic City and New York Mr. and Mrs. Nicholson returned to Schenectady, where they were met by Mr. and Mrs. Smith and brought to Oneonta for over Sunday, returning last night to Schenectady, where they will make their home. Mrs. Nicholson formerly resided here and has many friends about the city. She conducts a corset shop in Schenectady.

Normal Graduate to Wed.

Friends in Oneonta have received invitations to the marriage on Saturday, August 19, of Miss Frances Colver Braley, daughter of Mr. and Mrs. Piny Pierce Braley, to Dr. Romeyn Treadwell Allen of Schenectady. The wedding will be at 6 o'clock at the home of the bride's parents, 250 Glen street, Glens Falls. The bride-to-be is a popular graduate of the Oneonta State Normal school, class of 1916, and for the past four years has been a teacher in the public schools at Tenafly, N. J.

Our August Fur Coat Sale

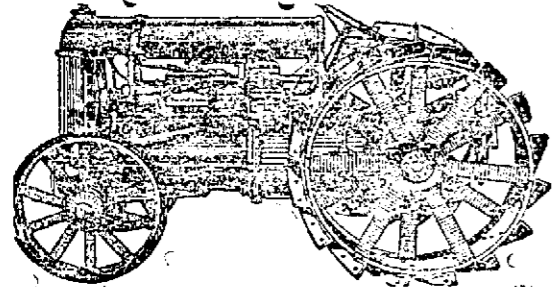

Commences This Morning,
Offering Savings of 25% to 40%

The Furs Include: Natural Muskrat, Nearsel, Raccoon, Sealdyed, Northern Muskrat, Sealine, Kalinsky-Marmot, Polar Seal and French Coney. The styles are beautiful, so different; as nearly all Fur Coats are longer this year, we would like everybody to attend this Sale and give every Fur Coat minute inspection, for we know that the Values are most remarkable.

Fur Coat Sale at Special Prices
Monday, Tuesday, Wednesday

For the convenience of those who wish to take advantage of the Three Day Sale, we will, upon making a reasonable deposit, hold purchases for later delivery.

NOTE—No extra charge for making special measurements in sizes up to 44. The prices range from \$49.50 to \$295.00.

Fordson
THE UNIVERSAL TRACTOR

\$395 f. o. b. Delci:

Every bolt and bar made of the toughest steel that science can produce; every piece of metal put there for a special purpose with ample reserve strength to withstand the most unusual strain; and every drop of kerosene that goes into the tank transformed into power—that is the Fordson Tractor.

Whether it is required to drag the implements of agriculture across the fields or to turn the wheels of stationary machines, the Fordson will do all that is claimed for it and more.

We will gladly demonstrate to you this the most powerful tractor for its size on the market.

Tank Motor Cars

Motor cars with caterpillars replacing rear wheels are now being demonstrated in Darland. This shows a trial on a 45-degree slope. It will make 23 miles an hour on a road and will go through snow, sand, mud and ice.

YORK CONDEMNS HERRIN MINE WAR

"Pageant of Savagery, Still Unrebuked," He Says in Opening Chicago Exposition

Chicago, July 30.—What he termed "a pageant of savagery, still unrebuked" was condemned in the opening address at the pageant of Progress here Saturday by Postmaster General Hubert Work. Declaring he wished, "as one who believes in the principles of unionism and collective bargaining," to warn "all organized labor that sanctions or commits violence," he said, "The Pageant of Savagery that recently stalked abroad by day in this fair state, still unrebuked, would have pallor the painted Indian."

While expressing concern over industrial relations, the postmaster general voiced approving optimism concerning the modern young person and concerning prevailing feminine modes. He said that the fashionable short skirt hung from the shoulders with unrestricted waist was something which physicians have urged for a generation.

"Some of the young people we see in public places may appear to be care-free and light-minded," said Dr. Work, "but I know that the mothers and schools of the United States have in the last generation produced a higher type of citizenry than the country has ever before known."

"I would make an appeal for the relief of those who work with both head and hand, from those who work only with their hands and who are being exploited by leaders for their immediate personal gain."

"Those labor organizations which restrict the available employment in a community to its preferred members, and prohibit other members from seeking employment, where they may find it, have not in mind the principle of the greatest good in the greatest number. They are blindly bidding for the open shop; the competition of disorganization within their own ranks and a return to the old method of wage determination by efficiency, governed by the law of supply and demand, rather than to their own formulated rules."

"One half of organized labor is conservative. They are home owners and their children become good citizens. They must soon break away from those in their own ranks who disregard the rights and necessities of others, who do not approve or practice creed. 'An honest day's work for an honest day's pay,' or who are willing to do murder to kill competition."

RESTOCKING THE STREAMS

Fish and Game Club Will Receive 150 Cans of Young Trout

Secretary N. A. Platts of the Oneonta Fish, Game and Gun Club, has been notified by the Conservation commission of early shipments of some 110 cans of brook trout for the purpose of restocking vicinity streams in Otsego and Delaware counties. The fish will come from the state hatchery at Bath.

The first shipment of 20 cans will reach Oneonta Wednesday morning next at 6:15 o'clock and another shipment of 20 cans the same afternoon at 3:45 o'clock. It is expected that the balance of the consignment will be received the following day, coming on the same trains as on Wednesday.

Members of the club who have cars are requested to assist in distributing the fish to the various trout streams in this section. It is the usual plan to put them in the small brooks tributary to the larger streams.

The club expects to receive during the summer at least 150 cans of trout, the others to come on later presumable from federal hatcheries. Each can holds from 400 to 500 trout.

The efforts of the club to keep the streams restocked should meet with the hearty support of all fishermen. The fishing this year is believed to have been the best for several years past, which fact is doubtless due to the efforts of the club.

OUST GENESEO NORMAL HEAD

Release of Dr. Sturgees to End Friction, Says Report

James V. Sturgees, for the last fifteen years principal of the Genesee Normal school and one of the most widely known educators in New York state, has been released from further connection with that institution, it was learned today, says a Rochester dispatch. Action to terminate his contract was taken by a vote at a meeting of the board of education of the school late yesterday afternoon.

According to reports the move was made to end the friction which has cropped up among the faculty members.

Enters Masonic Hospital.

Frank M. Dunkel has entered the new hospital at the Masonic home at Utica as a patient. Mr. Dunkel accompanied him to Utica by motor car Tuesday. He stood the trip well. His many friends sincerely hope that his health will improve under the splendid treatment which the Masonic hospital gives to its patients.—(Cobleskill Times).

Attend Sidney Grove Meeting.

Rev. Wilbur C. Dodge of the Elm Park Methodist church and several members of his congregation were in attendance yesterday at the Sunday school conference at Sidney Grove.

BASEBALL

(concluded from page two)

Anselment had to make his first error of the season and he let the ball get away from him. Then Perrot came through with a single between first and second on the ground and as Right Fielder Baker was just going to pick the ball up, it struck a stone and bounded over his head and Perrot was checked up on the scorebook for a three base hit. Rosback hit a liner to short, Driscoll making a good catch and ending the inning.

The A. & S. Division scored four runs in the ninth by heavy hitting. SCSQ. DIV. WALTON BREAKS EVEN

Loses to Norwich, 10 to 0, on Saturday and Wins from Crescents, 10 to 0, on Sunday.

Norwich applied a neat coat of whitewash to Walton at the latter village on Saturday, Farrell's "Pete" coming out at the small end of a 10 to 0 score. Walton hit McGary freely but not in the pinches while Norwich lambasted the Brazils for 14 hits. Sanford at second base handled 12 chances without an error.

Walton Beats Newburgh Team.

On Sunday in an exhibition game at Livingston Manor, Walton administered a 7 to 1 defeat to the Crescents of Newburgh. Burley pitched well for Newburgh except in the sixth inning when Walton scored five times on a base on balls, a sacrifice, two errors and two hits. Kinne allowed the Crescents but three hits, walking five men, however.

Chairman to Name Candidate.

At the conference of representative Democrats from the four counties of this congressional district, held at Binghamton on Saturday to consider a possible candidate for that nomination, it was decided to leave the matter of recommending a candidate to the party voters until the primaries in September to the chairman of the committees in the four counties. These gentlemen, Hon. Chester A. Miller of Otsego, David F. Lee of Chenango county, William H. Riley of Broome and Edward S. White of Delaware county, will meet in Binghamton on Saturday of this week and suggest a candidate to the party voters.

It's a great mistake to think that high price and high quality go together. Otsego coffee has a richer, better flavor than coffees selling for double the price. adt 6t

Auto and wagon painting promptly done. Sign work a specialty. R. C. Miller, Ludlum's garage, Neahwa place. All work guaranteed. adt 6t

NEW STORE AT WEST END

Jenks & Streeter Erecting Building at Junction and Will Open for Business in Fall.

Jenks & Streeter, who formerly conducted a store at West Oneonta, have broken ground for a store building at the Junction and when completed in the fall will open with a full line of groceries and provisions. There will be living apartments above the store and the building will be attractively fitted throughout, making an excellent addition to the West End community.

Sojourning in Indiana.

Mr. and Mrs. William Merrill and daughter, Dorothy, left Thursday evening for South Bend, Ind., where they will spend the remainder of the summer. Mr. Merrill is in poor health and the change is made with the hope of benefiting him.

Occupy New Residence.

Burt Miller, who recently sold his house at 5 Morgan avenue to George Barnes, has moved his family into the residence just completed for him at the corner of Moffat street and Morgan avenue.

West End Briefs.

Several members of the Epworth league of the Elm Park church will attend the institute next week at Sidney.

Mrs. Harry Downin and little son of Unadilla are guests this week of her parents, Rev. and Mrs. W. C. Dodge, at the parsonage.

Mrs. George Aylsworth of 348 Chestnut street is spending some time with relatives in Binghamton.

Mr. and Mrs. Lester A. Rathbone of Binghamton are guests this week of Mr. and Mrs. Harry Howard, 13 Kearney street.

Mr. and Mrs. Claude Bartlett of East Sidney were guests Thursday at the Elm Park parsonage.

Recent guests of Mr. and Mrs. James Simmons, Quaker street, were Mr. and Mrs. Floyd Card and daughter, Doris, of Elmfield; Mr. and Mrs. George Birge of Davenport; and Mrs. Royce Birge Courney and little daughter of Florida.

Miss Anna Proper of 6 Bronx street is the guest of her aunt, Mrs. George Duell, in Albany.

Mrs. C. J. Jenks of 10 Murdock avenue is visiting relatives in Treadwell.

Mr. and Mrs. William Lough have returned to their home in Rochester after a visit with Mr. and Mrs. Albert Lough, 348 Chestnut street.

Nuts are high in vitamins. Junilia Nut Margarine is made of the most nutritious part of sweet nuts. Your grocer has it. adt 6t

To Concrete Block Manufacturers. The Oneonta Iron works are now making plates for concrete block machines. adt 6t

In Rum Raid

Mrs. Edith Stevens, 19, is held in a Brooklyn jail following the seizure of a ship by prohibition officers. She is the first woman to be held in connection with raids upon boats.

SCHOOL MONEY INCREASED.

Schools Improved and Salaries of Teachers in Otsego County Advanced.

Figures showing the increased appropriations by the state for education have been prepared by the state comptroller.

This county received for school purposes under Governor Smith in 1920 \$110,297.98 and under Governor Miller in 1922 \$207,511.36, an increase of \$97,213.38. The county received \$231,572.88 for school purposes in 1921, a total increase in the two years of \$218,518.88.

The total state appropriation for school purposes in 1920 was \$11,957,620.21, in 1921, \$23,106,300.48; and in 1922, \$34,703,505.66, the largest in the history of the state.

In spite of this increased expense, economies in other departments enabled the state to reduce the direct state tax levied on this county in 1922 by \$40,148.33 as compared with 1920.

The present liberal appropriation for school purposes have served to improve the rural schools and increase the salaries of teachers throughout the state.

Troopers at Buffalo.

Sidney, July 31.—Thirty-eight of the state troopers located at Sidney are now getting their mail at Buffalo, where they have been sent to assist in looking after strike conditions.

Don't be disappointed

If we know human nature, we can predict right now that next Fall there'll be a big rush for ARCOLA, the wonderful new hot-water heating-system with a radiator in each room. Last Fall the same thing happened and thousands of last-minute buyers were disappointed, there was such an ARCOLA shortage. This week is the time to order ARCOLA, when we have more time to install it.

Save money on ARCOLA now

(These figures, though rough, will show how reasonably ARCOLA can be completely installed—despite the fact it pays for itself in the fuel it saves.)

3-Rooms Arcola with 2 radiators \$225
4-Rooms Arcola with 3 radiators \$275
5-Rooms Arcola with 4 radiators \$350
6-Rooms Arcola with 5 radiators \$425

Phone or call and we'll gladly give you the exact cost of putting ARCOLA in your home—but, for your own good, do it now before the Fall rush.

C. C. MILLER
